Repair-Risk®:	High Risk: 13-16 year old cars will need a metal break line (could be rusty and unsafe), new callipers, new shocks, new ball bearings (for those in snow and cities with lots of pot holes). The car is getting old but can do the job if you keep up the important items related to safety and if you can live with common noises that cars make at this age. set aside about 1000\$ for unexpected repairs just in case.
